If some day a newspaper man should print the contents of his waste basket there probably would be a riot, says an exchange. There would be trouble in many homes, arrests in some directions, shot guns in others, trouble all around. But the patron of a newspaper never sees the waste basket. He only glances at the printed pages—complaining if one letter in fifty is upside down, growls his disappointment if one name in five hundred happens to be spelled wrong, frowns because the editor don't take his advice about publicly warning his neighbor about keeping snow off the side walk, and is generally disgruntled not so much at what he finds as at what he fails to find. He knows his share of the waste basket, but if he could have one look at the contributions made to that receptacle by his neighbors and friends, he would thank God for the existence of a man with sufficient intelligence and courage not to print all he knows and to temper even that he does print.

Don't laugh at a boy who magnifies his place. You may see him coming from the postoffice with a big bundle of his employer's letters, which he displays with as much pride as though they were his own. He feels important, and looks it, but he is proud of his place. He is attending to business. He likes to have the world know that he is at work for a busy concern. The boy who says "we" identifies himself with the concern, its interests are his. He sticks up for its credit and reputation. He takes pleasure in his work and hopes to say we are in earnest. The boy will reap what he sows if he keeps his grit and sticks to his job. You may take off your hat to him as one of the future solid men of the town. Let his employer do the right thing by him; check him kindly if he shows signs of being too big for his place, counsel him as to his habits and associates, and occasionally show him a pleasant prospect of advancement. A little pride does an honest boy a heap of good. Good luck to the boy who says "we."

POLITICS AND POLITICIANS

The Republican State Central Committee has named June 26 as the time for holding a convention for the purpose of nominating candidates for State offices.

The State Attorney-General of Tennessee has been instructed by a committee of the Legislature to prepare an opinion on the validity of the scheme proposed by which the State would insure its citizens against fire losses.

The Postoffice Appropriation Bill has passed the House. All the salaries of the postal employees that were ruled out on points of order Tuesday were restored by the Committee on rules and adopted by the House.

By a vote of 42 to 28 the Senate voted down the resolution to unseat Senator Smoot, of Utah. Fifteen votes were paired, one member was absent and Mr. Smoot himself did not vote. Three Democrats voted for Mr. Smoot, one was paired in his favor, and nine Republicans voted against him.

The Naval Appropriation Bill carrying \$100,727, was passed by the Senate. All the committee amendments were agreed to.

The senate passed the Rivers and Harbors Appropriation Bill, carrying a total \$92,720,472. All the committee amendments were agreed to.

The bill fixing high license for saloons in Indiana narrowly escaped being killed in the House, the majority being only one vote. The final fate of the bill depends on the way in which absentees cast their votes when the bill is put on its passage.

The friends of Hon. Jesse Alverton, of Lincoln county, are making a strong pull on him to make the race for re-election as Representative from that county. It is very likely that he will acquiesce and should he agree to do so will be a strong man in the race.

GEO. L. WILLIS TO BE PRIVATE SECRETARY OF HON HARVEY HELM.

The many friends here of Mr. George L. Willis are congratulating him upon the announcement that he has been named as the private secretary of Congressman-elect Hon Harvey Helm, who was elected to succeed Hon. G. G. Gilbert in the Eighth district. In view of the fact that at the present session the compensation of secretaries for the Congressmen was increased from \$1,200 to \$1,500 per annum, Mr. Willis is especially fortunate in the time of his selection.

For many years he was engaged in newspaper work in Louisville, and was one of the best known Frankfort correspondents to the city dailies. For nearly two years he was associate editor of this paper, and his reputation as a newspaper man known throughout the state. For the past ten years he has been a member or one of the secretaries of the State Board of Equalization. Those who know Mr. Willis, and are familiar with his attainments, feel confident that Mr. Helm made a wise selection.—Shelby Record.

Never be ashamed of your early surroundings because you are living in a more refined place at present. Do not be ashamed of your old father and mother when they come to your city to visit you, because their manners are a little old-fashioned and try to smugle them in and out of your house. Call in your best friends and say to them, "this is my father and my mother, if they had lived in your day and had had the advantage they would be as well up as you". OBITUARY.

"God claimed the first born of Ancient Israel though in mercy the child might be redeemed."

Little Herbert Oliver, born November 2nd 1900, first born of J. A. Oliver and wife, and unusually bright, thoughtful and kind, the favorite of all who knew him and the pride of doing parents went home to God February 11th, 1907 345 A. M., at Livingston, Ky. his home.

He gave promise of a noble and useful life, such a boy as parents would naturally feel inclined to lean on but his Heavenly Father wanted him to adorn the courts of Paradise and he is at rest for God took him. Naturally trail his constitution was attacked by that scourge of the young, croup, and although loving and skilled hands kept death at bay for most a week all no avail. The deep anguish of loving parents were mitigated by the deep practical sympathy of kind neighbors and the assurance that they will meet their child in God's own time.

The funeral was conducted from the Baptist church and the sympathizing pastor spoke words of comfort from the appropriate scripture. "Of such is the kingdom of heaven" True friends tenderly laid the remains to rest in the Livingston cemetery to await a glorious resurrection.

HAIR.

Our farmers have been quite busy during the recent fine weather plowing, sowing grass seed, etc. R. L. Smith has sown some oats. Since we have a clover-huller in our community, belonging to Francis Hurst, the farmers are going to grow more clover for seed. This

will be decidedly a benefit to our land, for there is no better way of enriching the soil than by growing clover and other leguminous crops which take nitrogen from the air and store it in the soil, surely this is more economical than buying commercial fertilizer.—Charlie Bowman has measles, also Miss Carrie Boyd.—Joshua Boering, Jr. continues ill.—Geo. The bill giving the Government the right of appeal in criminal cases opened in the Senate Tuesday.

If You Are Sick

It is because some of the organs of the body are not doing their work well. There is a lack of that nervous energy that gives them motion. Consequently you are weak, worn-out, nervous, irritable, cannot sleep; have headache, indigestion, etc. because there is not sufficient nerve force to keep the organs active and allow them to perform their natural functions. Dr. Miles' Nervine restores health because it restores this nervous energy.

"I have been sick for a year, and don't know what to do with the matter, I tried many remedies and none of them proved of any value. I heard of Dr. Miles' Nervine, prepared by Dr. Miles, and when half of it was better, I would have had more, but the doctor told me to continue to take it until I was entirely well. I have since recommended it to five of my lady friends, and they have all thanked me for doing so, for it benefited them all."
